DRY GOODS MARKET.

New York, Feb. 2 - The dry goods market has been possessed of a firmer tone owing to the ever increasing price of the raw, material. While it has had no pul-

but closed 5 to 10 cents lower. Kansas \$4.25; City and St. Joe quoted hogs at 10 cents lower and Chicago at 5 to 10 cents lower. Late yesterday evening the yards were filled with fine hogs and, with the pro- He; full cream brick, ib., 15c; limberger visions on the decline, the outlook is for a

pretty slim market today.

There were but two car loads of hogs yesterday that were said for \$5.25 which was the top and they were of a splendid quality. Something peculiar in the market was that one man had a small bunch of large, plump hogs and could not sell them. The buyers said they were not wanting those kind of hogs just then. Cattle still continue about the same. The receipts yesterday were light and the outlook for the market in this line of stock is not very bright.

Hog Sales.

By an arrangement between the packers and commission men, hogs arriving late in the hight are fed, watered and weighed up on arrival and the next moraing sold at the previous day's prices. These hogs are quoted under the head of "early sales," and the fresh receipts, the Sale of which is governed by the market for the day on which they are sold, are quoted under the head of "hate sales."]

IN AND ABOUT THE STOCK YARDS.

Oklahoma is always well represented in the Wichit market. It is getting so now that shipers from down there cannot afford to go through to Kamsas City or St. Joe when the prices remain as they have on the level with any market.

D. M. Hutchinson of Haverhill ships in from own to three car leads of negs every week. Mr. Hutchinson is one of the most extensive stock-raisers in the some try and handles fine stock. His lead yesterday was one of the best in the market.

Billy Wallace is one of the joillest appearing fellows about the yards and he seldom speaks an unmersseary scribable. Supt. Dulaney calls him the little Jap. Henry Steinkfreiner of Newton, came in yesterday with two car londs of first clars hogs.

J. W. Norris shipped in a load from Oxford yesterday. Mr. Norris is a frequent visitor at the yards.

Stone hawker and Dunn, of Caldwell, were in the market yesterday with stock. Inventors and men of rare genius were quite numerous in and about the stock yard grenless yesterday and later something mest estomology and later something mest estomology may develop in the way of a patent stock loader.

Sime and Jorgenson were here yesterday with heast from Colwich.

O. B. Powell, a prominent shipper from Norwich, was here vesterday.

W. H. Bonnell, of Haven, came in late yesterday evening with hogs which he will sell today.

The unsettled weather and the breaking up of the country roads that will follow caused considerable commission house buying of corn early in the session, and the market was firm in view of the weakness in wheat. The market, however, aturally felt the effects of the decline in wheat and the profit taking due to the weakness. The selling was mainly by longs. The May option showed greater firmness than the July owing to the searcity of contract grade corn. The close was steady. The opening on May was unchanged to be higher, at 167-167.
